Be safe
Please read the safety guide for important safety, charging, battery and regulatory information before using your new headset.

Pair

Get paired   The first time you power on your headset, the pairing process begins.

1   Press and hold the Call ⊖ button until the LEDs flash red and blue.

2   Activate **Bluetooth**® on your phone and set it to search for new devices.
   • **iPhone** Settings > Bluetooth > On*

   • **Android** Settings > **Bluetooth: On** > **Scan for devices***

   NOTE *Menus may vary by device.*

3   Select "PLT_ML15." If necessary, enter four zeros (0000) for the passcode or accept the connection. Once successfully paired, the LEDs stop flashing.

Pair another phone   After pairing your headset to your phone, you may want to pair another phone.

1   Ensure your headset is powered off.

2   Press and hold the Call ⊖ button until the indicator light ☼ flashes both red and blue.

3   Activate Bluetooth on your phone and set it to search for new devices.

4   Select "PLT_ML15."
   If necessary, enter four zeros (0000) for the passcode or accept the connection.

   Once successfully paired, the headset indicator lights stop flashing.

Pair Another Phone   After pairing your headset to your phone, you may want to pair another phone.

1   Power on your headset.

2   Press and hold the Call ⊖ button until the indicator light ☼ flashes red and blue.

3   Activate Bluetooth on your phone and set it to search for new devices.

4   Select "PLT_ML15."
   If necessary, enter four zeros (0000) for the passcode or accept the connection.

   Once successfully paired, the headset indicator lights stop flashing.

Reconnect   Your Bluetooth headset has up to 10 meters effective range. If you lose connection, your headset will try to reconnect. If your headset doesn't reconnect, tap the Call ⊖ button or manually connect through the phone's Bluetooth device menu.

Charge and fit

Charge

Your new headset has enough power to pair and make a few calls. It takes 2 hours to fully charge the headset; the indicator light ⚡ turns solid blue once charging is complete.
Adjust the fit

The universal-fit eartip has a thin loop that bends to gently tuck into the contours of either ear.

To adjust the fit, you can rotate the eartip on the headset or add the optional clip-on earloop.

The basics

Power

To power on or off, press the Call ⊖ button until the indicator ☀ light flashes blue once (on) or red once (off).

Make/Take/End Calls

Answer or end a call
Tap the Call ⊖ button.

Redial
To dial your last number you dialed, double-tap the Call ⊖ button.

Voice dial
If your phone supports voice-activated dialing, press and hold the Call ⊖ button for 2 seconds and wait for the phone prompt and then tell the phone to dial the number of a stored contact.

Volume

Adjust the volume on your phone to control your headset volume.

Decipher the lights

Your headset has an indicator light ☀ that flashes in response to a change in status or after a button press.

Some examples of what you will see are:
- Solid red until charging complete and then solid blue
- Flashing red and blue during pairing
- Double red flash when battery low
- Double blue flash at incoming call

Technical Specifications

Talk Time	Up to 6 hours
Standby Time	Up to 9 days
Operating Distance (Range)	Up to 33 feet (10 meters) from phone or table, Class II
Headset Weight	9 grams
Charge Connector	Micro USB charging
